Premine Usage Detail

Total amount: 907200 (1 and 2/3 months equivalent of mining)

- **Airdrop** 498960 feathers (55.00%)
  - **First Airdrop** 149688 feathers (30.00%)
    Airdrop all coins within 2 months from its start.
  - **Other** 349272 feathers (70.00%)
    We are planning to use portion of this to conduct second airdrop. If there was remaining, more airdrop be conducted or be moved to Reserve, otherwise it will be burned.

- **Promotion** 158760 feathers (17.50%)
  Used for promoting large scale projects in the future.

- **Developer / Artist Bounty** 136080 feathers (15.00%)
  Distributed among early developer who provided infrastructure or useful services including desktop or mobile apps for the proper length of time.
  Also distributed among artist who made Feathereum related arts like images, musics, and others (we appreciate your talents!)

- **Reserve / Development** 113400 feathers (12.50%)
  A large portion will be used as reserve.
  Feathereum Team will have remaining. We would distribute it to other core developer or use it as individual.
